Work Session -

The City Council of the City of Lanett, Alabama, met on Monday, October 25, 2021, at the Lanett Municipal Airport at 6:00 P.M.

Council members present were Tony Malone, Charles Looser, Angelia Thomas, Tifton Dobbs and Tamalita Autry. Mayor Jamie Heard presided over the meeting, who opened the work session and welcomed everyone.

Mayor Heard recognized city attorney Stanley Gray who explained the need to discuss 2 invoices from Deep South Automation. These invoices totaled over \$28,000 which fell below the public works bid law limit of \$50,000. Electric Superintendent Tony Chandler explained that this work was the same job as the Waste Treatment emergency request for blowers that the City Council had previously approved. After being asked by Councilwoman Thomas if this was something Clearwater should be covering, Chandler explained that Clearwater is only supposed to provide labor and testing only and that the city is responsible for everything else. Jeff Aston from Clearwater was enroute to answer additional questions but was held up in traffic.

Mayor Heard recognized Ryan Pearce from Goodwyn, Mills and Cawood. Pearce updated the council about the progress of the runway and stressed that we are moving from a runway project to an airport project. It was discussed that we are in need of an airport committee in addition to an airport manager. It was also discussed that the name of the airport needed changing.

Bruce Emfinger was present to also discuss the need to finance airport projects that were not covered by grants such as hangar space.

Mayor Heard stated that there being no further business to come before this council, motion duly made, the meeting adjourned.

Attest:

Jamie Heard, Mayor

Deborah Gilbert, City Clerk/Treasurer
